**Brown bins - Reminder**

As indicated on a note included with the kitchen bin, we ask you not to put any material in the brown bin before the start of collection in our territory. You will be provided with a new collection schedule before the start of the collection. A notice will be published when the schedule is in effect. Watch the municipal newsletter and Facebook site.

---

**Wheeled bins - Garbage and recycling**

In winter, collection is not carried out on private roads. You must therefore bring your wheeled bins to the nearest public road.

We ask for your cooperation in order to place your wheeled bins at a reasonable distance from the public road in order to avoid breakage and that they are not buried in snow and do not interfere with snow removal operations.

For the urban core, we ask that the bins be brought back to your residence after each collection.

---

**Construction work - Permit required**

Please note that any construction requires a permit from the municipal inspector. Before starting your construction work, it is important to contact the municipal inspector at 819-465-2555 to verify the compliance of your planned work, as well as to obtain a permit for this purpose.

The construction of a shed, the installation of a swimming pool, the expansion of the building, are works that require a permit before the work begins.

In order to avoid additional charges, please obtain your permit in advance.

---

**Renovations**

No permit is required for renovation work valued at less than \$ 5,000 unless it is an extension of any kind.

---

**Outdoor fires - Information**

Before proceeding with the burning of branches or other large outdoor fires, you must notify the director of the fire department at 819-465-2555 in order to avoid the volunteer fire brigade being called out unnecessarily.

---

**Newsletter - Subscription**

If you want to opt out of this mailing list, please let us know by emailing [info@bouchette.ca](mailto:info@bouchette.ca).
